IMPORTANT!!! PICK UP PROCEDURES

Parents: Just as a reminder, Pick up time for preschool is 2:40, Middle school is 2:50. It is important to be on time due to staggered dismissals.

Middle school parents will be asked to circle around if they arrive early, allowing preschoolers to safely get into their cars first. For everyone's safety, please do not get out of line and drive around any stopped cars ahead of you in the pick up line. The pick up line is one lane, one way.

Preschool parents: to ease congestion, your children will be brought straight out of the Preschool doors, remain in line until you pull up or walk up to get them (using the designated cross walk). We will no longer be walking over and lining up against the wall by the gym. Your promptness in picking up at 2:40 is greatly appreciated.

ROBOTICS CLUB

Michigan is known for its beautiful lakes and large sandy dunes. Beach glass is created when turbulent waves combine with coarse sand to create a natural rock tumbling effect. The resulting product is a mixture of wonderfully polished glass, soft stones, and colorful shells - all items we will be utilizing to create an eye-catching beach glass wall hanging that is the perfect addition to any Michigander's home. Fifty-five dollars includes step by step instruction, frame, beach glass, and all other necessary materials. Choose from over 20 designs! A portion of all proceeds will be donated to the Calhoun Christian High School Robotics team. Finished products measure 15 by 12 inches. Concessions will be available at the venue. Let's get the creative juices flowing!

Plan to join us and bring a friend, **Monday, October 23 from 6:30 pm to 8:30 pm.**

This event will be hosted and instructed by Vinny, aka 'The Richard Simmons of The Crafting World'. He is sure to keep things humorous and entertaining!

Seats will fill fast! Advance registration required. To register [click here.](#)
